"Resolved, That this conference favors the appointment of a Rules Committee to govern football, to be appointed by these institutions annually, and to be responsible to the appointing bedies.

The delegates to the conference are invited to meet in this city December 38. It was expected that the Rules Committee be requested to make such change as would lessen the danger to players, and make certain the detection of foul or brutal play.

The conference also suggested that football between schoolboy teams should be prevented by the educational authorities, owing to the immaturity of the players.

MR WEAKENS THE SYSTEM UL AND INVITES DISEASE

Every part of the body is dependent on the blood for neurishment and strength, and when from any cause this vital stream of life becomes impovcrished or run-down, it invites disease to enter. No one can be well when the blood is impure; they lack the energy that is natural with health, the complexion becomes pale and sallow, the vital energies are at a low ebb, and they suffer from a general broken-down condition of health. The system is wentened and unable to resist the diseases and disorders that are constantly assailing it. The Liver and Kidneys, failing to receive the proper stimulation and nourishment from the blood, grow inactive and dail, and the waste matters and bodily impurities that should pass off through these channels of nature are left in the system to produce Rheumatism. Catarrh. Sores and Ulcers, Skin Diseases or some other blood disorder. When the blood is in this weakened and diseased condition it should be treated with a remedy that is not only thorough, but gentle in its action. S. S. S., a purely vegetable remedy, made of roots, herbs and barks, is just what is needed. It not only cleanses the blood of all impurities and poisons, and enriches and strengthens it, but gently builds up the entire system by its fine

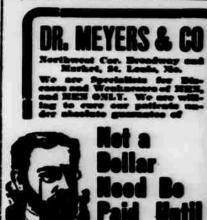

tonic effect. S. S. S. reinvigorates every member of the body, gives tone and vigor to the blood. and as it goes to the different parts, carries robust health and strength. S. S. B. acts more

It was claimed by Kelly that he was not sub-ject to reservation, because his contract with the St. Paul club was verbal only. It was de-cided by the commission that the absence of a contract which especially declared that he was not subject to reservation made him subject to that process. Other reasons which he ad-vanced for asking that his sale be set aside were dealed by the commission.
